WORK EXPERIENCE

Senior Oracle Database Developer 08/2016 – Present

PUBLIC JOINT STOCK COMPANY «POLYUS, Moscow, Russia

PJSC Polyus is a Russian gold mining company. It is the largest gold producer in Russia and one of the top 10 gold mining companies globally by output.

My position is a mix of senior database developer and team lead and my opportunities are:

- Analysis of the cost of the development in man/days.
- Manage the tasks between a team of 10 developers.
- Planning the development budget.
- Discuss with the clients conditions, results, and costs of the development to provide the most efficient results for the minimum cost for the clients and our company.
- Development and fixing of the existing and approved tasks.
- Fixing first-priority incidents.

Middle/Senior Database Developer 06/2013 - 08/2016

Quadrium, Moscow, Russia

The Quadrium company is an expert in bank data warehouses and providing professional unboxing of the DWH ready-to-use products on the client's side, supporting and developing services.

As a Quadrium team member I:

- Has a leading role in successfully fully unboxing and setting up the data warehouse for "Otritie" bank.
- Developed more than 200 tasks and custom features for clients.

Database Developer 08/2011 - 06/2013

System Technologies, Kaliningrad, Russia

System Technologies is one of the biggest Russian automator of the retail business processes in all retail ways from the sale agent "in fields" to the central offices and distributors.

My opportunities were:

- Analysis of the cost of the development tasks.
- Providing the most efficient solution.
- There were 150+ successfully developed and implemented tasks and features by me.
